

Grand Ball Washer Kit

RP2250

Details

Elevate your course with the Grand Ball Washer - where sleek design meets premium performance. Crafted with a stylish die-cast aluminum body and finished in a tough, hard anodized-powder coat, it delivers a championship look built to last. Inside, a high-performance brush ensures every ball gets a superior clean. Thoughtfully designed with a clean, logo-free exterior, a secure carabiner hook for towels, and a seamless collar-to-mount transition for a polished appearance. Plus, the innovative teardrop drain prevents messy residue and overflow stains.

For your convenience and ease of ordering, we've assembled some of our most popular combinations - mix and match to suit the unique design of your course. All R&R Washer Kits include the ball washer, mounting pipe, and base. Shoe cleaning brushes and towels are sold separately.

- Durable, Premium Build - Die-cast aluminum body with a hard anodized-powder coated finish for long-lasting performance.
- Elite Cleaning Performance - High-efficiency internal brush and teardrop drain ensure spotless balls and a clean look on the course.
- Course-Ready Convenience - Includes mounting pipe and base; mix and match configurations to match your course design.
